

TRI-CHEM

REPAIR

All-Weather Patching Material

DESCRIPTION

With Repair you can keep your shipping and loading areas, parking lots, drives and walks in safe repair all year around. Instant repairs can be done by unskilled labor in any kind of weather—hot, freezing, wet, or dry.

FEATURES

- Ready to use—no mixing or heating
- Will not stick to shovel, tamper, or vehicle wheels
- Use in any weather
- Repairs instantly and permanently
- Withstands heavy loads
- Ready for traffic immediately
- Skid-resistant and waterproof special
- No special equipment needed

DIRECTIONS

This all-weather patching compound can be applied directly from the container as is—simply tamp Repair into place with either the back of a shovel or a hand tamper and the repair is complete and immediately ready for heavy traffic.

NOTICE

Shelf life of unopened containers dependent on various factors—temperature, humidity, sunlight, etc. Normal shelf life is 30–60 days. Contents of opened containers must be used within 5 days.
