

DESCRIPTION

Speed White is a heavy-duty white grease spray that penetrates like an oil, then cures to a thick, water resistant grease. It is often used in industrial, marine, aircraft, automotive, farm, home, or office areas. Speed White is ideal for linkages, slides, bearings, chains, small gears, hinges, tools, cranks, worms and rollers.

FEATURES

- Non-staining, water resistant
- All-weather, all-purpose
- Heat resistant to 350°F

FIRST-AID

Eyes: Rinse eyes cautiously with lukewarm water while holding eyelids open for several minutes. Remove contact lenses if easy to do so. Continue rinsing for 15–20 minutes. Take care not to rinse contaminated water into unaffected eye or face. If irritation persists, get medical attention.

Skin: Remove contaminated clothing. Gently blot or brush away excess product. Wash with lukewarm water for 15–20 minutes. If feeling unwell, get medical attention.

Inhalation: Remove to fresh air and assist breathing as necessary—get medical attention if feeling unwell.

Ingestion: Rinse mouth. Do NOT induce vomiting. Get medical attention.

CAUTION

Please refer to the SDS for more detailed precautionary measures, handling instructions, and emergency procedures. **KEEP OUT OF REACH OF CHILDREN.**

DIRECTIONS

1. Shake can vigorously for one minute after mixing ball begins to rattle
2. Spray on a clean, dry surface from a distance of 6 to 8 inches
3. Insert extension tube into actuator orifice for pinpoint application
4. Tube package included in carton
5. Repeat application periodically
